

ANIMAL PLANET

the fun starts here
mojo

WELCOME TO MOJO-ANIMAL PLANET 2018

We are proud to present the 2018 Animal Planet range by Mojo.

Featuring original model designs from the UK and utilising the expertise of our manufacturing partners in China and Portugal, Mojo has pursued a "can do better" attitude relentlessly and will continue to do so.

As with previous years, 2018 is strongly focused on improving and strengthening the existing range whilst raising the bar in terms of quality for any new additions.

Rightly we feel this has been achieved with our latest product offering, however our passion to be the best is still the major driving force behind the business. Obsessed with perfection is probably an apt description and one we feel encompasses the Company values.

From the original handmade sculpture to the final hand painted brush stroke on the production line, each Mojo model is made with love. We hope you love them too!

Please enjoy the 2018 Animal Planet-Mojo collection.

Single item packaging

Modular packaging design with an open platform style showcases the Animal Planet branding element to best effect whilst preserving the products quality and its tactile nature. Easier to handle in-store, avoiding problematic messy display areas and offering a gift packed option. Animal Planet Displays and in-store POS material will complement the range ensuring a strong shelf presence.

Our Goal

- To create the finest Quality products available
- Offer first Class customer service
- To be Customer focused, whether Business or Consumer
- Build Long Term Partnerships based on Quality, Trust and Confidence

Craft and expertise

Designed in the UK our products are made with passion. Passion for design, passion for realism and a passion for quality. Each figure is expertly researched prior to its manufacture.

The sculpting and coloration processes can take many months and even then, some do not make it into production. Once in production we may refine a model many times until we feel it reaches a level of quality with which we are happy.

Mojo a passion for perfection!

Safety and standards

Each product in the Mojo range is rigorously tested to a wide range of international standards. This is an ongoing process with every model in the range undergoing Safety testing on an annual basis.

We value safety above all else.

European standards

EN71 Part 1, 2, & 3, EN71 Part 9, DIN53160 (German standard), Cadmium & Non-Phthalate.

US Standards

ASTM F963-11, CPSIA, Lead in surface coatings, Lead in substrate, Non-Phthalate, California Prop. 65.

China Standard

China Compulsory Certificate (CCC)

Japan Standard

Japan Food Sanitation Law (JFSL)

Saudi Arabia Standard

Saudi Arabia Standards Organization Certificate of Conformity (SASO)

Middle East Standard

Gulf Cooperation Council Conformity (GCC)
