# CARNEGIE DINOSAUR COLLECTIBLES

## CARNEGIE MUSEUM OF NATURAL HISTORY

ONE OF THE FOUR CARNEGIE MUSEUMS  
OF PITTSBURGH

In 1898, Andrew Carnegie, a major philanthropist and successful businessman, read an article about colossal creatures being unearthed in the American West. With the financial backing of Mr. Carnegie, the Carnegie Museum dispatched a team of scientists to Wyoming with a single mission, to bring back a dinosaur for Pittsburgh. Thus was the beginning of what would become one of the largest dinosaur collections in the world.
