Tried and True...

In 1982, **Bernard** and **Rosemarie Rubel** founded the family business after discovering an endangered species card game while visiting the Munich Zoo in Germany. Fueled by their passion to educate through the joy of play, they transformed that rummy game into a collection of museum-quality figures enjoyed by children, adults, educators and collectors alike.

Inspired by their passion, our family continues to create authentic figures that speak to the innate curiosity in all of us.

Today, Safari Ltd® is the only American family-owned manufacturer and worldwide distributor of more than 1,000 educational, hand-painted toys.

We invite you to Discover the Frontiers of your Imagination® with our Toys That Teach®.

BERNIE THE GATOR!

The story begins on October 13, 1921 in Elberfeld Germany, as Bernie becomes a new member of the animal kingdom family. Most animals born into the animal kingdom aren't allowed to choose their destiny, but the chordate phylum master sensed that Bernie was destined for greatness and allowed Bernie the ability to choose who he wanted to be.
