Ramona

“ Our mission is to teach children the importance of nature and its conservation through the joy of play. ”

Tried and True... In 1982, **Bernard** and **Rosemarie Rubel** founded the family business after discovering an endangered species card game while visiting the Munich Zoo in Germany. Fueled by their passion to educate through the joy of play, they transformed that rummy game into a collection of museum-quality figures enjoyed by children, adults, educators and collectors alike.

Inspired by their passion, our family continues to create authentic figures that speak to the innate curiosity in all of us.

Today, Safari Ltd® is the only American family-owned manufacturer and worldwide distributor of more than 1,000 educational, hand-painted toys. We invite you to Discover the Frontiers of your Imagination® with our Toys That Teach®.

BERNIE THE GATOR™

Mascot Extraordinaire

Friend of all animals, protector of nature, and proud mascot of Safari Ltd®, Bernie the Gator™ is a champion of knowledge, creativity, and conservation.

The story begins on October 13, 1921 in Elberfeld Germany, as Bernie becomes a new member of the animal kingdom family. Most animals born into the animal kingdom aren't allowed to choose their destiny, but the chordate phylum master sensed that Bernie was destined for greatness and allowed Bernie the ability to choose who he wanted to be.

Knowing that his father loved the great tennis player nicknamed "the crocodile", Bernie was immediately drawn to the reptile's class. The Alligatoridae family welcomed Bernie with open arms. Being the revolutionary figure he turned out to be, he knew he would end up in America and chose his genus name to be Alligator.

Shortly thereafter, Bernie made his debut in America by landing in New York City. The fashionable, armored young Alligator learned a lot of his stealthy moves while navigating the big city, but he knew he wanted to build his home in the swamplands. The freezing winters of New York City caused Bernie to hibernate in his gator hole, which made him miss his crocodylidae family.
